

Hi All,

This is the first of a few emails you will be receiving about things that were discussed at our Board Meeting in Tulsa last weekend:

The following is GREAT news!!

IAIP and corporate sponsor, Enterprise Rental, have agreed to partner to the benefit of their rental agents AND our IAIP members!

We are in need of IAIP members who have an interest in teaching/training opportunities. The initial "Train the Trainer" program will center on how to instruct a 2 hour course entitled, "Rental Reimbursement Coverage," authored by Linda M. Faulkner, CIC. This course will ultimately be offered to Enterprise's 60 regional offices, 700 local offices, and 5,000 rental locations, as well as our IAIP members - and IAIP needs qualified members to teach this class. This course will provide a better understanding of this subject matter to all rental agents, and our members, and will filter down to our clients who may be confused regarding this topic at this time.

We are nearing the official launch of the "Train the Trainer" program and prospective and interested Facilitators contact info should be emailed by Council Directors or RVP to Brandi at National as soon as possible.

This really is a wonderful opportunity for IAIP as well as any individual interested in expanding not only their skill set and network, but enhancing their resume as well.

For clarification; IAIP is asking you (our CD's) for names and contact information of individuals that you feel would be good candidates to facilitate the above-referenced CE course. They do not have to be experts in the field, they just need to have a good presence and possess the ability to learn as well as facilitate or carry out instructions. Candidates will represent all levels of the profession from customer service to agent/adjuster to owner, etc.

From the information that you provide to Brandi Capps from our National office, she will then contact each one of the individuals you give her with details on this training opportunity.

The prospective trainer will need to attend a free training event via webinar (approximately 45 minutes in length) and commit to providing me with the information needed to register them with their respective state(s) as a CE Instructor.

The first webinar will be on Wednesday, September 28, 2011 from 2:00 – 3:30 pm Central Time; The second one will be on Thursday, September 29, 2011 from 9:00 – 10:30 am

Please be sure to send your list of contacts and their contact information to Brandi as soon as possible. She will then communicate the information to Enterprise and they will be sending out the invitations via email.

Thanks very much for your help with this!!
